RECEIVER'S FOURTH MOTION FOR APPROVAL OF INTERIM FEE APPLICATION AND BRIEF IN SUPPORT

TO THE HONORABLE JUDGE OF SAID COURT:

Richard B. Roper, the Court-appointed Receiver in this action, submits this Fourth Motion for Approval of Interim Fee Application and Brief in Support, seeking the Court's approval to pay invoices for interim fees and expenses, incurred between January 1, 2012 and September 30, 2012, in the amount of \$219,948.08, to the firms that have rendered professional services on behalf of the Receivership Estate, and in the amount of \$12,714.32 for the Receiver's own work ("Fee Application"). The tasks and challenges presented by this Receivership have been numerous and, in many instances, complex and time-consuming. The primary work of the Receiver's counsel, which comprises the bulk of the fees sought in this Application, has revolved around prosecuting ancillary litigation to "claw back" funds transferred to perpetuate the Ponzi scheme back into the Receivership Estate. In addition, the Receiver and his counsel have continued their significant efforts to communicate with investors and consider the hundreds of claims made by the defrauded victims in this matter.

Thompson & Knight LLP, the law firm representing the Receiver and providing primary, daily assistance in seizing and liquidating assets of the Estate, analyzing documents and evidence seized from the Defendants, analyzing the figures and details provided by the forensic accountants, applying knowledge from other evidence to make sense of the accounting itself, analyzing, preparing, and prosecuting "claw-back" and third-party litigation matters, and more, has again provided an aggregate twenty percent (20%) discount to all fees incurred in the course and scope of the firm's still ongoing and extensive work. Furthermore, Thompson & Knight has demonstrated billing judgment by writing off unproductive, possibly excessive and/or redundant work, as well as by waiving significant fees related to the review and analysis required in the ongoing investor claims process. Additionally, Thompson & Knight has not charged the Estate

for attorney time spent preparing any Fee Application, preparing underlying billing statements, or preparing any of the Receiver's Reports filed in this case.

Bingham Greenebaum Doll LLP ("BGD") served as the Receiver's local counsel in the Kentucky bankruptcy court. David Jones, one of the primary brokers working to sell Millennium CD products over the years Wise perpetuated his Ponzi scheme, filed for bankruptcy in Kentucky shortly after the Receiver instituted an ancillary suit against the brokers. BGD assisted the Receiver in the bankruptcy and opposed the discharge of the Receiver's claim. Due in part to the work of BGD, the Kentucky bankruptcy court has stayed its own jurisdiction, if any, over the Receiver's claims against Jones, lifted the automatic bankruptcy stay against Jones, and cleared the way for the Receiver to continue to pursue his claims against Jones in this Court.

The work of these legal professionals (the "Professionals") is described in detail in the attached invoices, as well as in the Report of the Receiver Dated November 29, 2012 and Request for Interim Distribution (the "Report"), which the Receiver submits in support of this application as Exhibit A. The information contained in the invoices and Report demonstrates the necessity for the Professionals' services and the reasonableness of their fees and expenses in this case.

I. BACKGROUND

To aid the Court's consideration of this Motion, the Receiver includes the following background section that is substantially similar to the same section filed with the prior fee application and which provides the necessary context for the description of the work included in this Motion.

On March 26, 2009, the Securities and Exchange Commission (the "Commission") filed this lawsuit alleging that Defendants engaged in a fraudulent "Ponzi scheme" involving the purported sale of Certificates of Deposit with higher-than-legitimate interest rates, through which

Defendants obtained at least \$68 million from hundreds of investors. The Receiver now knows that, since 1996, the Defendants took in more than \$100 million of investor money. This Court found that it was both necessary and appropriate to appoint a receiver, who assumed exclusive jurisdiction over all assets and records of the Defendants and any entities they owned or controlled worldwide. Order Appointing Receiver, Doc. 10 at ¶¶ 1-2 and Amended Order Appointing Receiver, Doc. 46 at ¶¶ 1-2 (collectively, the "Orders Appointing Receiver" or the "Orders"). The Orders Appointing Receiver charged the Receiver with the responsibility of acquiring exclusive control and possession over the Receivership Estate including the tangible and intangible, real and personal property of the Defendants (and property of Relief Defendants traceable to the fraud), and performing all acts necessary to conserve, manage, and preserve the Receivership Estate. Orders Appointing Receiver at ¶ 5.

A. SUMMARY OF DEFENDANTS' FRAUD.

The Defendant entities were comprised of Millennium Bank; United Trust of Switzerland S.A.; UT of S, LLC; Millennium Financial Group; Sterling Administration; Sterling Investment Services; and Millennium Aviation. These entities were aligned in a fairly simple infrastructure, and were controlled primarily by Defendant William J. Wise. Wise was the chief architect of the fraud, with the assistance of Defendants Kristi Hoegel and Jacqueline Hoegel. Essentially, Millennium Bank solicited funds from investors, primarily through internet advertising and targeted marketing to individual investors, for the purchase of self-styled "certificates of deposit" promising various guaranteed rates of return, most of which far exceeded the rate of return on a traditional bank certificate of deposit ("CD"). Defendants had two stateside offices, one in Napa, California, and another in Raleigh, North Carolina. The third primary Millennium location was the actual bank itself, located on the island of St. Vincent. All United States offices were closed

upon the filing of this lawsuit and the Receiver and his team seized all documents and materials located therein, including computers.

B. How Investor Funds Were Received and Routed.

The following description of the Millennium scheme is largely repeated from the Receiver's First Fee Application, filed on December 4, 2009, but is included here for the sake of completeness. The Defendant entities had very little corporate structure. Investors would simply mail in checks for purchase of CDs to the Napa, California location, typically made payable to UT of S, LLC (though some investors did send checks and wires payable to Sterling and Millennium Bank). Investors often negotiated their purchases through telephone conferences with the Hoegel Defendants and/or other Defendant employees including Scott Christopher, David Jones, and Robert Kelty. Investors were most often instructed by these individuals to make checks payable to UT of S, LLC and mail them to Millennium Bank in St. Vincent and the Grenadines. Once received by Defendants on the island of St. Vincent, these investor checks would simply be re-routed to Defendants' Napa, California office. Once received in California, Defendants' staff would deposit the funds into a single UT of S, LLC bank account ending 9648 and maintained with Washington Mutual/JP Morgan Chase Bank. Any investor funds delivered by wire transfer were deposited into the same, single UT of S account. Sterling investments were deposited into a WaMu account.

C. MILLENNIUM BANK WAS NOT A TRUE BANK AND INVESTOR MONEY WAS NEVER INVESTED.

Neither Millennium Bank nor United Trust of Switzerland, S.A. were banks in the traditional sense, nor were they registered securities dealers. Millennium Bank was chartered in St. Vincent, where investors believed their funds were being used for investment purposes. However, *none* of the funds remitted to Millennium Bank, or other Defendant entities, for the

purchase of CDs were invested. Rather, a majority of investor funds were diverted to and misappropriated by the various Defendants. While Defendants were constantly diverting investor dollars to themselves, significant portions of these funds were used to carry on their fraudulent scheme in an attempt to create the appearance of a solvent, legitimate investment business. Specifically, funds received from new investors were utilized to pay redemptions and make interest payments to earlier investors under the terms of an investor's CD. As the Commission has alleged, Defendants sold CDs with guaranteed rates of return. Hence, earlier investors who chose to cash out their investments when the term of a CD concluded were paid the full amount of their investment, plus interest, with later investors' money. Likewise, investors who received interest payments from time to time during the term of one or more CDs were not receiving interest, as there were no underlying investments generating any return. Rather, they too were simply receiving other investors' money in an amount equal to the interest rate Defendants quoted when the investor purchased the altogether fake CD.

In the 2010 Fee Application, the Receiver noted that a significant amount of investor money, possibly the vast majority of it, was squandered on the Defendants' personal lifestyles and luxuries based on the information available at that time. This sort of spending included, for example, money paid for foreign escorts, multi-thousand-dollar meals, international travel, and \$12,000 weekly allowance payments to Mrs. Wise, which could not be recovered into the Estate. Accountants with LSS&M analyzed Defendants' banking and business records (and worked in conjunction with Receiver's counsel) to conclusively determine, among other things, (a) specific amounts of funds used to pay interest and redemptions to investors; and (b) specific amounts of funds diverted to Defendants and *how* those funds were used. The Receiver's counsel at Thompson & Knight then undertook the process of applying knowledge about the various

individuals involved to further ascertain exactly how money was spent and should be characterized. The Receiver's Report of November 22, 2010 details at length how money moved through the Defendants' bank accounts at the direction of William Wise. The accounting analysis confirmed what the Receiver suspected at the time of his last Report to this Court—that the Defendants paid some older investors back with interest over time in order to perpetuate the scheme, and then largely squandered the rest of the money on luxurious lifestyles and purchases. When the Receivership was instituted in March 2009, very little of the amount taken in over the previous years remained in the Defendants' accounts.

D. CONSTITUTION OF THE RECEIVERSHIP ESTATE.

Because the majority of the funds remitted to Defendants by various investors were simply misappropriated for the personal gain of Defendant William J. Wise and other individual and Relief Defendants, the Receivership Estate was originally comprised primarily of limited cash seized from Defendants' and Relief Defendants' bank accounts, real property holdings, and personal property assets purchased with proceeds of the fraud. Despite investigation by international asset search professionals, accounting analysis, and a thorough review of Defendants' records, the Receiver has not identified or located any significant, still-existing source of funds maintained by or on behalf of Defendants, with the exception of certain fraudulent transfers discussed in the 2010 and 2011 Receiver's Reports and later in this Fee Application.

Upon his appointment, the Receiver seized a total of \$482,237.45 from bank accounts maintained by Defendants and Relief Defendants, which accounts were identified by the Commission and business records and were placed under the Court's Asset Freeze Order.

Likewise, the Estate received deposits of cash from the sale of William Wise's stateside wine

collection (\$197,280.07); the sale of William and Lynn Wise's home (\$810,780.93); auction of William and Lynn Wise's personal property (\$647,978.25); the liquidation of the Hoegel Defendants' real and personal property (\$43,569.32); cash seized from the Defendants' personal possession (\$15,000.00); proceeds received after an airplane originally purchased by Defendants was surrendered to a secured lien holder (\$100,000.00); proceeds from the sale of a limousine (\$3,000 to date); proceeds from an account maintained by Brijesh Chopra at Bank of China (\$11,015.14); funds traceable to the Defendants' fraud and repatriated in the United States by JPLs at KPMG (\$73,985.90); and proceeds from the sale of an Escalade in which Wise had very little equity (\$7,690.31). The cash on deposit in the Receivership Estate's interest-bearing money market account has only been spent to pay some necessary costs for administration of the Receivership and those amounts approved in this Court's orders granting the Receiver's First and Second Fee Applications.

The Receiver learned that more than \$5,000,000 had been paid out in fictitious interest to domestic investors who also received all of their principal back. The Receiver sent a demand letter to these "net winning" investors, explained that the "interest" they received was really just money belonging to newer investors, and asked that the net winning investors return the amounts they received beyond the principal they originally invested. As detailed in the April 9, 2012 Report, the Receiver initiated ancillary litigation against these net winning investors to claw back additional fictitious interest, and has either settled the claims or obtained judgments against the various net winners. This process has resulted in a return of over \$1,585,389.47 as of the date of this Fee Application, further increasing the current body of the Receivership Estate.

Additionally, the Receiver has compromised claims against certain other ancillary defendants.

expected to increase the Estate by several hundred thousand dollars more, and continues to pursue litigation against the non-settling, non-investor ancillary defendants.

E. WORK PERFORMED FOR THE BENEFIT OF THE RECEIVERSHIP ESTATE

The bulk of the work performed by the Receiver and his team prior to the work represented by this application was related to (1) locating and securing the assets of the Estate; (2) locating, collecting, organizing, and analyzing necessary information about assets and liabilities of the Estate so that the Receiver can take the appropriate steps to recover and monetize assets, and to properly address claims and liabilities; (3) communicating with investors, cataloging investor claims and investment information, and analyzing investor claim forms and correspondence; (4) obtaining banking records for Defendants and Relief Defendants, reviewing Defendants' corporate and financial records; (5) negotiating with lien-holders regarding their interests in Estate assets; (6) contacting foreign authorities and financial institutions in an effort to obtain information pertaining to Defendants' assets; (7) preparing an extensive and comprehensive analysis of the manner in which Defendants' funds were expended since the inception of the scheme; (8) performing those tasks necessary to advance both this enforcement action and other ongoing investigations into the activities of the Defendants; and (9) communicating with and considering the claims of numerous investors.

Most recently, the Receiver has engaged in ancillary litigation with multiple parties, including the net winning investors, to claw back amounts that were transferred to various parties to perpetuate the Ponzi scheme. Because the clawback claims were brought against more than 300 defendants, the prosecution of the ancillary litigation significantly added to the complexity of the Receiver's task and involved three separate lawsuits against various classes of defendants. On February 21, 2012 William Wise was indicted and on April 17, 2012, Mr. Wise turned

himself in. As part of his plea deal Wise agreed to cooperate with the Receiver, and the Receiver is hopeful that his arrest will provide the Receiver with additional information regarding missing funds and assets, where such assets or funds can be located, or confirmation of where funds were spent. A complete and detailed discussion of the Receiver's work to date is provided in the Receiver's Report filed on November 29, 2012 and Request for Interim Distribution and attached hereto as Exhibit A.

F. ADDITIONAL WORK REMAINING TO INCREASE THE ASSETS AVAILABLE FOR DISTRIBUTION TO INVESTORS AND COMPLETE A CLAIMS PROCESS

As he has publicly stated several times, the Receiver believes that the total value of the assets of the Estate is likely to be a mere fraction of the millions of dollars that would be needed to pay all anticipated claims against the Estate. Nevertheless, the amount of value yet to be recovered, as discussed above, is expected to significantly increase the amount now in the Estate's bank account. The Receiver is hopeful that future recoveries, particularly from the ancillary litigation, will exceed future costs of administering the Estate based on the negotiated settlements of the claims brought against the net winning investors and other ancillary defendants.

Taking all of this into consideration, and pursuant to the Orders Appointing Receiver, the Receiver respectfully requests that this Court approve this fourth interim Fee Application.

II. REQUEST FOR APPROVAL OF FEES FROM JANUARY 1, 2012 TO SEPTEMBER 30, 2012

The fee statements for the work performed by the Receiver and his team of professionals are being provided to the Court *in camera*, with certain work related to the preparation of the Receiver's Report and Fee Application as well as potentially inefficient time highlighted and deducted from the total amount requested herein. Most of the work apparent on those fee

statements is related to prosecution of the ancillary litigation. As noted above, the case against the net winners involved over 300 defendants, and the Receiver worked to obtain settlements and/or judgments as to each of those defendants. This work included extensive communications, negotiations, and correspondence with defendants, as well as briefing related to motions for summary judgment or default judgments, where those motions were necessary. Likewise, the Receiver prosecuted his litigation against Atlanta Northside Aviation, which received a significant fraudulent transfer, to success on a motion for summary judgment. Finally, the Receiver undertook a suit against the brokers who sold the fraudulent certificates of deposit. This litigation required the Receiver to work to lift a bankruptcy stay against one broker, to obtain specific discovery related to the commission structure provided to each broker, to work toward settlement with each defendant, and to interview outside witnesses who had knowledge of the broker's association with the Millennium Entities.

Additionally, the Receiver has continued in extensive communications with various investors involved in the Ponzi scheme as well as cooperated with various government authorities in the related criminal proceedings. That cooperation ultimately resulted in the indictment of both William Wise and Jackie Hoegel in San Francisco, California. William Wise has since been apprehended and is in custody as of the date of this application. The Receiver has worked to produce any and all evidence and testimony required to effectuate the goals of the U.S. Attorney's office handling this case, and to see that justice may be done on behalf of the defrauded investors involved.

The Orders Appointing Receiver direct and authorize the Receiver to retain and compensate professionals in connection with the administration of the Receivership Estate:

[T]he Receiver is specifically directed and authorized to perform the following acts and duties:

Enter into such agreements in connection with the administration of the Receivership Estate, including, but not limited to, the employment of such managers, agents, custodians, consultants, investigators, attorneys, and accountants as Receiver judges necessary to perform the duties set forth in this Order and to compensate them from the Receivership Assets.

Orders Appointing Receiver ¶ 5(h). Accordingly, shortly after his appointment, the Receiver hired the Professionals discussed herein, who were needed to carry out his Court-ordered duties.

The Amended Orders Appointing Receiver direct the Receiver to "[f]ile with this Court requests for approval of reasonable fees to be paid to the Receiver and any person or any entity retained by him and interim and final accountings for any reasonable expenses incurred and paid pursuant to order of this Court." Orders Appointing Receiver. ¶ 5(m). Accordingly, the Receiver files this Fee Application and requests that the Court approve the fees and expenses billed by the Receiver and his retained Professionals for work performed from January 1, 2012 through September 30, 2012.

A. BASED UPON THE WELL-SETTLED LAW, THE COURT SHOULD APPROVE THE PAYMENT OF ALL REASONABLE AND NECESSARY PROFESSIONAL FEES AND EXPENSES IN THIS CASE.

Courts examining a request for fees and expenses incurred by a receiver must determine whether the time spent, services performed, expenses incurred, and hourly rates charged are reasonable and necessary under the factors set forth by the Fifth Circuit. ¹ Johnson v. Georgia

_

These factors, often referred to as the *Johnson* factors, are: (1) the time and labor required for the litigation; (2) the novelty and complication of the issues; (3) the skill required to properly litigate the issues; (4) whether the attorney was precluded from other employment by the acceptance of this case; (5) the attorney's customary fee; (6) whether the fee is fixed or contingent; (7) whether the client or the circumstances imposed time limitations; (8) the amount involved and the results obtained; (9) the experience, reputation, and ability of the attorney; (10) the "undesirability" of the case; (11) the nature and length of the attorney-client relationship; and (12) awards in similar cases. *Johnson v. Georgia Highway Express, Inc.*, 488 F.2d 714, 717-19 (5th Cir. 1974). In applying the *Johnson* factors, "the district court must explain the findings and the reasons upon which the award is based. However, it is not

Highway Express, Inc., 488 F.2d 714, 717–19 (5th Cir. 1974); SEC v. Megafund Corp., 3:05–CV-1328-L, 2008 WL 2839998, *2 (N.D. Tex. June 24, 2008); SEC v. Megafund Corp., 3:05–CV-1328-L, 2006 WL 42367, *1 (N.D. Tex. Jan. 9, 2006); SEC v. Funding Res. Group, 3:98–CV-2689-M, 2003 WL 145411, *1 (N.D. Tex. Jan. 15, 2003).

This examination of reasonableness and necessity should take into account all of the circumstances surrounding the receivership. See SEC v. W.L. Moody & Co., Bankers (Unincorporated), 374 F. Supp. 465, 480 (S.D. Tex. 1974), aff'd, 519 F.2d 1087 (5th Cir. 1975). Because all receiverships are different, a court's analysis of the fees and expenses must be tailored to the particular case. Id.; see SEC v. Tanner, No. 05-4057, 2007 WL 2013606, *3 (D. Kan. May 22, 2007). The characteristics cited in the following cases are similar to this Receivership and support an award of the fees and expenses requested herein.

The complexity and difficulty associated with the receivership are highly relevant factors in determining the reasonableness of professional fees. See SEC. v. Fifth Ave. Coach Lines, Inc., 364 F. Supp. 1220, 1222 (S.D.N.Y. 1973) (awarding interim fees and expenses to law firm for role in receivership and noting that it involved wide variety of complex legal matters requiring the time, competence, and diverse resources of a law firm of high caliber); W.L. Moody & Co., 374 F. Supp. at 484 ("An equitable receivership is by its very nature, a legally complex process."); Tanner, 2007 WL 2013606 at *3 (the identification of investors and the location of their funds was made "excruciatingly difficult" by lack of assistance from defendants); Funding Res. Group, 2003 WL 145411 at *1 (finding fees and expenses were reasonable in light of difficulties receiver encountered). In the instant case, the Receiver and his team of Professionals have had to conduct their work without meaningful assistance from the Defendants or Relief

required to address fully each of the 12 factors." Curtis v. Bill Hanna Ford, Inc., 822 F.2d 549, 552 (5th Cir. 1987) (citation omitted).

Defendants and even without significant documentary evidence, as the Defendants maintained inadequate and incomplete accounting records *and* William Wise disclosed very little detailed information to his employees. Further, the vast number of clawback defendants in the ancillary litigation has added to its complexity, as each defendant's situation frequently warrants and requires individual attention both to matters of law and fact, as well as efforts at settlement..

The degree of success achieved in solving legal and practical problems should be considered when calculating the fees awarded. See Fifth Ave. Coach Lines, Inc., 364 F. Supp. at 1222; W.L. Moody & Co., 374 F. Supp. at 484-85; Johnson, 488 F.2d at 718. In this case, the Receiver and his team of Professionals have worked diligently to wind up Defendants' businesses, terminate contracts, identify and secure assets, records, and evidence, investigate leads, recover fraudulently transferred assets, communicate with investors, and cooperate with all governmental authorities. This work, while admittedly not resulting in the recovery of significant funds that were frittered away by the Defendants, has allowed the Receiver to determine the scope of the fraud and the status of possible recoveries to the Estate sooner rather than later. Additionally, the Receiver and his counsel and accountants now have determined how Defendants' funds were spent and have identified several sources of Receivership assets which are now being sought through the ancillary claw back litigation. The early returns of fictitious interest by net winning investors suggest that the Estate will continue to grow as a result of this pending litigation to claw back monies fraudulently transferred to others in the course of this scheme. The profits from this litigation have exceeded its costs.

Courts examine the credentials, experience, reputation, and other professional qualities required to carry out the Court's orders when assessing the reasonableness of the rates charged for services to a receivership. *See W.L. Moody & Co.*, 374 F. Supp. at 481 (holding that a court

should give "considerable weight" to "a receiver's abilities, as required by the tasks of the receivership"); *Tanner*, 2007 WL 2013606 at *3 (granting receiver's fee request, despite investors' concerns over amount requested, in part because the court recognized that the receiver and his counsel were experienced in the relevant areas of law); *SEC v. Aquacell Batteries, Inc.*, No. 6:07-cv-608-Orl-22DAB, 2008 WL 276026, *4 (M.D. Fla. Jan. 31, 2008) ("The Receiver retained well qualified, experienced counsel and such representation does not come cheap.").

When the receivership commands full-time attention and prevents professionals from accepting other engagements, the fee award should reflect it. *See Moody*, 374 F. Supp. at 483-84, 486. Likewise, courts should consider the usual and customary fees charged and the evidence presented to support the application for fees. *See Fifth Ave. Coach Lines, Inc.*, 364 F. Supp. at 1222 (fees awarded in full because based on law firm's usual hourly rate and supported by meticulous records); *see Johnson*, 488 F.2d at 718 (the customary fee for similar work in the community should be considered). In this case, the Receiver and his team of Professionals, including his attorneys, have devoted considerable time to conducting the many tasks required in this case, including conducting legal research, drafting and arguing motions, identifying, securing and liquidating assets, communicating with investors, the media, opposing counsel, the Commission, and government authorities, and more – all at a discounted rate. The Receiver has reduced the total fees incurred in this case by \$22,752.80, which represents all time attributable by any person to work done in support of any Receiver's Report or Fee Application over the relevant time period. Hence, all of the above-described factors weigh in favor of approving the request for fees and expenses in this case.

B. THE FEES AND EXPENSES ARE REASONABLE AND NECESSARY IN LIGHT OF THE CIRCUMSTANCES OF THIS CASE.

The Receiver requests approval of fees and expenses for the Professionals identified herein, which have provided the services summarized below, in the amounts noted (which reflect billings for work from January 1, 2012 through September 30, 2012). As noted above, all professionals have agreed to 20% discounts of their customary fees, and the amounts requested reflect those discounts. The time spent, services performed, hourly rates charged, and expenses incurred by the Professionals have been at all times reasonable and necessary, and indeed essential, for the Receiver to perform his Court-ordered duties. Where time spent has been redundant, non-productive, or otherwise excessive in any way, the Receiver has reduced the fees sought by these amounts, shown clearly on the bills provided *in camera*.

1. THOMPSON & KNIGHT LLP SENIOR PARTNER RICHARD ROPER, RECEIVER

Thompson & Knight LLP ("Thompson & Knight") is a Dallas-based, international full-service law firm in which Richard Roper, the Court-appointed Receiver herein, is a senior partner. Mr. Roper has been licensed to practice law in Texas since 1982. He is the former United States Attorney for the Northern District of Texas, a position in which he served from 2004 until 2008, when he joined Thompson & Knight. Prior to his appointment as United States Attorney, Mr. Roper was a career prosecutor, serving as an Assistant United States Attorney between 1987 and 2004 and, previously, as the Assistant District Attorney for Tarrant County District Attorney's Office in Fort Worth, Texas from 1982-1987. Mr. Roper's private practice is concentrated in, among other things, SEC and state securities compliance and enforcement matters. Mr. Roper regularly represents clients on a full range of corporate and securities law issues. Mr. Roper has previously served as counsel for other court-appointed equity receivers. See W.L. Moody & Co., 374 F. Supp. at 481 (receiver's qualification relevant to fee awarded);

Tanner, 2007 WL 2013606 at *3; Aquacell Batteries, Inc., 2008 WL 276026 at *4; Johnson, 488 F.2d at 718, 719.

The Receiver has had to discharge his duties with little assistance from the individual Defendants. *See Tanner*, 2007 WL 2013606 at *3 (receiver's tasks "excruciatingly difficult" without help from defendants); *Moody*, 374 F. Supp. at 471, 480 (defendant impeded receiver's progress and had to be subpoenaed to testify). Although William Wise, the chief architect and operator of the Ponzi scheme, was indicted on February 21, 2012, he was unwilling to communicate or cooperate with the Receiver. Wise was recently apprehended and has agreed as part of the plea deal to cooperate with the Receiver.

The Receiver delegated tasks appropriately to Professionals, and utilized the information provided by them to develop and execute a plan to maximize the value of a limited-value Receivership Estate while still accomplishing the tasks required of him. See Fifth Ave. Coach Lines, Inc., 364 F. Supp. at 1222; W.L. Moody & Co., 374 F. Supp. at 480; Mobley, 2000 WL 1702024 at *2; Johnson, 488 F.2d at 718.

The fees charged by Thompson & Knight for Mr. Roper's work as the Court-appointed Receiver include all compensation being paid for his services during the applicable period. A bill for those services from January 1, 2012 through September 30, 2012 is attached as Exhibit B. The Receiver requests approval of payment to Thompson & Knight for \$5,880.00 in fees for his work, and \$6,834.32 in costs, for a total of \$12,714.32. Complete fee statements for the Receiver's work are being provided to the Court for *in camera* review.

2. THOMPSON & KNIGHT LLP AS COUNSEL REPRESENTING THE RECEIVER.

Thompson & Knight LLP is an international law firm headquartered in Dallas with offices throughout the United States and Latin America. Thompson & Knight has provided critical legal expertise and manpower for every aspect of this Receivership. The lawyers working

on this case have included senior partners, junior associates, legal assistants, and support staff as warranted by the relevant tasks. *See Johnson*, 488 F.2d at 718-19 (compensation often reflects degree of experience). While ensuring proper and effective representation, the Receiver has only utilized the services of a limited team of lawyers in order to limit fees and ensure a lean and nimble team of Professionals. The Receiver has further reduced fees by placing primary responsibility for ancillary litigation on senior and mid-level associates.

Thompson and Knight has undertaken numerous tasks to further the goals of the Receivership during the period covered by this Fee Application including, but not limited to:

- Obtaining records through subpoenas and other discovery methods;
- Analyzing bank records and accounting information in the context of known relationships and information related to the scheme in order to determine how and where money was spent by Defendants;
- Determining the source of fraudulent transfers and analyzing the benefit of thirdparty litigation to retrieve monies believed to be Receivership assets for the benefit of the Receivership Estate;
- Communicating with investors, government agencies, and the media as necessary and warranted;
- Undertaking a claims process for investors who have lost money to the Defendants:
- Analyzing investor account information and relevant banking records to determine the legitimacy and appropriate amounts of investor claims;
- Communicating with investors who received fictitious interest in addition to the full return of their principal to secure repayment of the "interest" to the Receivership Estate for distribution in the claims process and administration of the Estate;
- Undertaking legal research, drafting, and the development of evidence relevant to various litigation against third parties in an effort to return additional monies to the Receivership Estate;
- Drafting and filing ancillary litigation against more than 300 individuals and entities intended to claw back funds into the Receivership Estate; and

• Negotiating settlements of claw back claims with numerous defendants.

Thompson & Knight has served as lead trial counsel to the Receiver and has represented the Receiver in all proceedings in this case. Thompson & Knight has also been the Receiver's principal counsel on non-litigation matters. These matters have required expertise in a wide range of legal subject matters, including bankruptcy, marital property rights, labor and employment, securities, landlord-tenant, real estate, banking, trust law, liens, tax law, fiduciary issues, insurance, private equity, and aircraft. See Fifth Ave. Coach Lines, Inc., 364 F. Supp. at 1222 (awarding interim fees and expenses to law firm for role in receivership and noting that it involved wide variety of complex legal matters requiring the time, competence, and diverse resources of a law firm of high caliber); W.L. Moody & Co., 374 F. Supp. at 484; Tanner, 2007 WL 2013606 at *3; Funding Res. Group, 2003 WL 145411 at *1; Mobley, 2000 WL 1702024 at *2; Johnson, 488 F.2d at 718 (attorneys should be rewarded for accepting the challenges of a difficult case).

The firm has also made reports to governmental and regulatory agencies and worked diligently to make seized and subpoenaed records, data, information, and equipment available to them in the course of their ongoing investigations. Further, Thompson & Knight prepared and maintains the Receiver's website and has distributed other communications (most of which required detailed knowledge of legal matters) to various constituents such as investors, claimants, creditors, Defendants, Relief Defendants, lien holders, and others. All such tasks were necessary and essential to the work of the Receiver.

A bill for Thompson & Knight's services from January 1, 2012 through September 30, 2012 is attached as Exhibit C. The complete, unredacted bills have been provided to the Court for *in camera* review. The hours expended and identified as unproductive or redundant have

been reduced from the total in calculating the final fees for which the Receiver now seeks approval. SEC v. AmeriFirst Funding, Inc., No. 3:07-CV-1188-D, 2008 U.S. Dist. LEXIS 42166, *7 (N.D. Tex. 2008) (J. Fitzwater); Saizan v. Delta Concrete Prods. Co., 448 F.3d 795, 799 (5th Cir. 2006). Therefore, the Receiver requests approval of payment to Thompson & Knight for \$208,664.40 in fees and \$3,470.61 in expenses, for a total payment of \$212,135.01 for nine months' work.

This amount reflects the agreed 20% discount on Thompson & Knight's usual and customary fees, and the fee schedule remains nearly identical to that presented to the Court in the Receiver's first Fee Application.²

3. BINGHAM GREENEBAUM DOLL LLP

Bingham Greenebaum Doll LLP ("BGD") is a law firm in Kentucky that represented the Receiver as local counsel in the Kentucky bankruptcy litigation. BGD assisted the Receiver in staying the Kentucky bankruptcy court's jurisdiction, if any, over the Receiver's claims against Jones, lifting the automatic bankruptcy stay against Jones, and clearing the way for the Receiver to continue to pursue his claims against Jones in this Court.

In the Receiver's Third Motion for Approval of Interim Fee Application, the Receiver requested fees for the work performed by BGD in August 2011 until December 2011. BGD performed work for total fees of \$7,813.07. The total amount invoiced to the Receiver, which is attached as Exhibit D, is \$7,813.07.

In its April 2012 Order, the Court denied the Receiver's request for payment of fees and expenses billed by BGD because the invoices lacked any calculation of the amount of hours

² Because certain attorneys have left Thompson & Knight during the pendency of this case, other attorneys have, in some cases, been utilized to perform work where necessary. Each new attorney's rates have been discounted by 20% in accordance with the Receiver's agreement in this matter, and every effort has been made to be as cost-efficient as possible in staffing.

expended or billing rates. Thus, the Receiver again submits to the Court a request for fees of BGD and submits fee statements of BGD, including invoices with hours and billing rates, for *in* camera review.

\$12,714.32
212,135.01
7,813.07
\$232,662.40

C. THE FEES REQUESTED BY THE RECEIVER ARE IN LINE WITH OTHER CASES.

The fees associated with complex receivership cases often have been substantial percentages of the total assets found. SEC v. Megafund Corp., et al., 2008 WL 2839998 at *2 (N.D. Tex. 2008); SEC v. Funding Res. Group, 2003 WL 145411 at *1 (N.D. Tex. 2003). Courts have noted that compensation to equitable receivers is analogous to compensation to receivers in bankruptcy. See SEC v. W.L. Moody & Co., Bankers (Unincorporated), 374 F. Supp. 465, 481 (S.D. Tex. 1974), aff'd, 519 F.2d 1087 (5th Cir. 1975). The United States Department of Justice has reported that from 1994 to 2000, in Chapter 7 asset cases, 30% – 40% of total estate receipts were disbursed as fees and expenses to trustees and other professionals. This was true regardless of the size of the case. Id.

D. THERE ARE SUFFICIENT FUNDS ON DEPOSIT IN THE RECEIVERSHIP ESTATE TO SATISFY THE OUTSTANDING FEES OF THE RECEIVER AND HIS PROFESSIONALS FROM JANUARY 1, 2012 TO SEPTEMBER 30, 2012, AND TO COVER ANTICIPATED FUTURE COSTS AND EXPENSES ASSOCIATED WITH ADMINISTRATION OF THE ESTATE.

As of the filing of this Fee Application, the Estate has sufficient funds to pay all of the Professionals' and Receiver's fees as requested herein. Currently, the Estate holds

\$2,995,341.72 in deposits and this Fee Application requests authority to disburse a total amount of \$232,662.40 in fees. The total deposits include those amounts obtained from certain net winning investors as the return of fictitious interest, and additional amounts are expected to be recovered from the litigation of fraudulent transfer claims against other net winning investors and third parties who received funds without consideration. Indeed, the recoveries received to date from ancillary litigation initiated by the Receiver in this case are approximately eight times the amount requested herein in fees. This figure does not include several negotiated settlements upon which the Receiver anticipates collection of several hundred thousand dollars in the coming weeks and months, and does not include over \$800,000 in judgments the Receiver has obtained by not yet collected upon.

III. ANTICIPATED FUTURE WORKLOAD FOR RECEIVER AND RETAINED PROFESSIONALS

The work of this Receivership is nearing completion. All additional work to be undertaken, however, will be driven by (a) the costs to the Estate associated with such work; (b) the ability of the Estate to pay for such work; and (c) the likely result to be achieved, and proceeds to be recovered for the Estate, as a result of such work.

The fees and expenses in the early months of this Receivership were substantial. However, those expenses peaked at times when Professionals were engaging in the bulk of their work, such as: forensic imaging of seized computers; review and analysis of corporate records; the seizure, securing, and sale of Estate Assets; and the initial investigation for and litigation to recover such assets. After these initial "peaks," the workload of the Receiver and his Professionals leveled out. This type of reduction is typical in receiverships. *SEC v. Aquacell Batteries, Inc.*, No. 6:07-cv-608-Orl-22DAB, 2008 WL 276026, *4 (M.D. Fla. Jan. 31, 2008);

SEC v. W.L. Moody & Co., Bankers (Unincorporated), 374 F. Supp. 465, 486 (S.D. Tex. 1974), aff'd, 519 F.2d 1087 (5th Cir. 1975).

The fees requested in this Application represent the work performed over a nine month period. As the Court can see, the Receiver has been mindful of keeping fees expended to a minimum following the significant burst of work at the inception of the Receivership, while ensuring that the goals and needs of the Receivership, investors, and ongoing government investigations are met. The Receiver still believes that the funds that might be available for ultimate distribution to those with claims against the Defendants will almost certainly be *far less* than anyone may have hoped for or expected. Indeed, investors stand to recover little cash on their investments. In light of this extremely unfortunate circumstance, the Receiver and his team continue to focus on reducing expenses while maximizing possible recoveries.

The Receiver expects that the work will continue at a reduced pace while conducting work that is necessary and consistent with his duties. Nevertheless, in addition to the work that still must be performed, the Receiver will likely need to address unforeseen events, crises, and emergencies pursuant to the Court's requirement that the Receiver prevent any irreparable loss, damage, or injury to the Estate. Orders Appointing Receiver at ¶ 5(g). As stated in the Report, the Receiver anticipates that his major activities and priorities will include, or continue to include:

- Continuing to prosecute ancillary litigation to claw back amounts into the Receivership Estate;
- Continuing to search for and secure cash for the Estate from a variety of potential sources including communications with and cooperation from Wise, and determining how unaccounted-for funds were dispersed;
- Assisting, reporting to and responding to governmental and regulatory agencies as appropriate, including inquiries from the Commission, Department of Justice, FBI, U.S. Attorney's Office, and the Internal Revenue Service in connection with their investigations;

- Communicating with this Court, investors, Defendants and Relief Defendants, claimants, other constituents of the Estate, and the public, including through the Receivership website; and
- Distributing the remaining Receivership Estate funds for the benefit of defrauded investors and other claimants.

IV. CONCLUSION

The relief requested herein is necessary and appropriate to carry out the most basic provisions of the Orders Appointing Receiver. Accordingly, the Receiver requests that the Court enter an order approving of the fees and expenses incurred from January 1, 2012 to September 30, 2012.

Respectfully submitted,

REPORT OF THE RECEIVER DATED NOVEMBER 29, 2012 AND REQUEST FOR INTERIM DISTRIBUTION

Richard B. Roper, III ("Receiver") files this Report to the Court regarding the affairs and findings of the Receivership, respectfully showing as follows:

By order dated March 26, 2009, this Court appointed Richard B. Roper as Receiver for the assets and records of the Defendants and Relief Defendants in the above-referenced case and all entities they own or control. The Receivership Order, and the subsequent orders re-appointing the Receiver, direct the Receiver to prepare and submit written periodic reports to the Court and to the parties. This Report is intended to brief the Court on the status of matters undertaken for the benefit of the Receivership Estate. Furthermore, the Receiver submits this request for approval of a proposed pro rata interim distribution to investors.

I. Overview

This Receiver's Report is the fourth substantive update to the Receivership Court of the Receiver's activities. Because the Receiver's prior reports have provided significant detail regarding the Receiver's work in the relevant periods, rather than repeating the extensive contents of those prior reports, each is summarized here to provide both a summary of the Receiver's work to date and a context for the work performed in the last year.

A. SUMMARY OF DECEMBER 2009 RECEIVER'S REPORT

The Receiver's Report of December 4, 2009 [Dkt. 115] (the "2009 Report") detailed at length the structure of the Millennium Entities and the manner in which the fraud on the investors occurred. Essentially, Millennium Bank and its related entities functioned as a simple Ponzi scheme, under the direction of Defendant William Wise. Investors in the various entities purchased a "certificate of deposit" for a set term of

years, and for a set interest rate. The "interest," however, was fictitious, as Wise simply paid out matured CDs with the money of new investors who believed they were also purchasing CDs. The rest of the money was appropriated by Wise and his associates for personal use, in the manner detailed at length later in this Report. It was never invested. The Millennium Entities had very little corporate structure, and maintained a physical

presence in Napa, California, Raleigh, North Carolina, and offshore on the island of St.

Vincent and the Grenadines.

No actual investment of investor funds has been identified throughout the course of the Receivership. Instead, Wise spent the money on a lavish lifestyle, literally spending tens of millions of dollars for an island resort, airplanes and pilots, an extensive wine collection, boats, luxury automobiles and drivers, world travel, and large sums paid to his wife and various girlfriends, among other things. The findings of the forensic accountants explain the misappropriation of funds as thoroughly as possible in light of the poor recordkeeping of the Millennium businesses and the unavailability of William Wise himself.

The first Receiver's Report discussed tasks and matters undertaken by the Receiver in order to satisfy his appointed duties and responsibilities, such as review, seizure, and relinquishment of Millennium office locations; location, securing, and liquidation of assets; review and analysis of investor claims; and many other tasks and actions related to the litigation of claims by Defendants and Relief Defendants. The bulk of the Receiver's work in locating and liquidating assets had been accomplished as of the December 2009 Report to this Court.

B. SUMMARY OF NOVEMBER 2010 RECEIVER'S REPORT

On November 22, 2010, the Receiver filed an additional Receiver's Report with the Court [Doc. 147] outlining the work undertaken by the Receiver, his agents, and representatives since the December 2009 Report ("the 2010 Report"). The 2010 Report focused on the Receiver's substantial work, along with his forensic accountants, to better understand the financial activities of the Millennium Entities. This task was central to the Receivership Estate, both because it may provide insight as to how to recoup some of the lost funds and also because the Court, along with investors and other creditors, needs a clear explanation of what happened to those investor funds which cannot be recovered.

The Receiver obtained the assistance of forensic accounting firm Litzler, Segner, Shaw & McKenney LLP ("LSS&M") in order to analyze the bank deposits and withdrawals of Millennium Bank and its sister entities (the "Millennium Entities") in an effort to determine how funds were used. LSS&M created a database of all the identifiable bank transactions conducted by the Millennium Entities to allow LSS&M and the Receiver to review the monies moving in and out of the Millennium Entities. This database was instrumental in aiding the Receiver's understanding of the Millennium Entities' financial activity. The results of an analysis of this database are covered in significant detail in the 2010 Report.

As detailed in the 2010 Report, the work by LSS&M revealed that the investor funds were deposited into one primary account, and that the money was appropriated by William Wise and his associates to fund a lavish lifestyle and little more, paying off earlier investors in order to perpetuate the scheme. At least \$156.9 million was deposited into accounts of the Millennium Entities since the Ponzi scheme's inception. All of this

\$156.9 million is believed to have come from investor deposits, and \$127.5 million can

be traced back directly to the Millennium Entities' bank records. A detailed explanation

of the spending analysis and the accounting challenges encountered by the Receiver and

LSS&M to produce these figures is found at pages 8 to 12 of the 2010 Report.

C. SUMMARY OF APRIL 2012 RECEIVER'S REPORT

On April 9, 2012, the Receiver filed an additional Receiver's Report with the

Court [Doc. 192] outlining the work undertaken by the Receiver, his agents, and

representatives since the November 2010 Report ("the 2011 Report"). The 2011 Report

focused on the Receiver's work in initiating and prosecuting ancillary litigation against

various parties that benefited from illegitimate transfers from the Millennium Entities,

cooperation with government authorities, and cooperating with the St. Vincent Joint

Provisional Liquidators.

In the course of the Receiver's work, some illegitimate transfers of funds came to

light. These transactions are deemed illegitimate because no reasonably equivalent

exchange was made by the persons/entities who received certain funds from Millennium

Bank or any of its sister entities. See SEC v. Res. Dev. Int'l, LLC, 487 F.3d 295, 301 (5th

Cir. 2007); Warfield v. Byron, 436 F.3d 551, 559 (5th Cir. 2006). Because those

transactions amount to "fraudulent transfers" under the applicable law, the Receiver

sought to recoup those funds paid out to these certain individuals through ancillary

litigation, which was prosecuted in accordance with procedures approved by the Court's

Order Granting Receiver's Motion to Approve Procedures for Recovery of Receivership

Assets in Third-Party Litigation [Dkt. 156].

The Receiver commenced three ancillary suits. First, the Receiver determined that while numerous investors have been defrauded and lost most, if not all, of their investment in the Millennium Entities, other investors were paid back in full, with interest (the "Net Winning Investors"). On March 1, 2011, the Receiver filed his Original Complaint in this Court against those Net Winning Investors who did not respond to the Receiver's request for repayment or who refused to comply with repayment (Cause No. 7:11-cv-00031). The Complaint named 312 Defendants and sought more than \$5,000,000 in net winnings, alleging actual and constructive fraudulent transfer under California's Uniform Fraudulent Transfer Act, unjust enrichment, and constructive trust. The Receiver spent a considerable amount of time discussing and settling claims with the Net Winning Investors. The Receiver also filed motions for default judgment and motions for summary judgment against the Net Winning Investors.

Second, the Receiver's investigation revealed that Atlanta Northside Aviation received significant funds from the Millennium Entities during the course of the Ponzi scheme. On March 1, 2011, the Receiver filed his Original Complaint against Atlanta Northside Aviation ("ANA") in this Court, Cause No. 7:11-cv-00034. The Complaint sought to recover \$800,000 from ANA, alleging Actual and Constructive Fraudulent Transfer under Georgia's Uniform Fraudulent Transfer Act, unjust enrichment, and constructive trust. In January 2012, the Receiver filed his Motion for Summary Judgment against ANA.

Third, the Receiver instituted suit against three of the brokers, Robert Kelty, David Jones, and Scott Christopher, working to sell Millennium CD products over the years. Because of their relationships with Wise and the Millennium Entities, on March 1,

2011, the Receiver filed his Original Complaint against Jones, Kelty, and Christopher in this Court, Cause No. 7:11-cv-00036. Jones filed for bankruptcy shortly after commencement of the ancillary suit. The Receiver, assisted by Kentucky local counsel Bingham Greenebaum Doll LLP ("BGD"), appeared, opposed the discharge, and the Court ultimately stayed its jurisdiction lifting the automatic stay against Jones.

II. RECENT WORK UNDERTAKEN BY THE RECEIVER

Since the 2011 Report was filed, the Receiver's work has focused on prosecuting and collecting on the ancillary litigation against the Net Winning Investors, Atlanta Northside Aviation, and the Brokers.

A. NET WINNING INVESTORS

The Receiver and his counsel worked diligently to resolve the litigation against the Net Winning Investors through settlement where possible. The Receiver effectively completed settlement of the claims against 104 of the Defendants as of April 2012 and dismissed those who completed the terms of their settlement agreements. The Receiver and his counsel spent significant time corresponding with investor defendants and working to resolve the claims against them.

The Court granted summary judgment on March 29, 2012 against 16 of the Defendants. Further, many of the Defendants failed to answer the Receiver's complaint. On April 9, 2012, the Court granted the Receiver's default judgment against 57 of the Defendants. Because all of the Net Winning Investors had settled or defaulted or dispositive motions have been resolved in favor of the Receiver, the Court suggested that the case be administratively closed at the April 19, 2012 pre-trial hearing. The Receiver has collected over \$1.5 million from the Net Winning Investors. The Receiver is now

beginning the process of collecting on the default and summary judgments. The Receiver is attempting to determine the most efficient means of collection given the scarce resources of the Receivership Estate.

B. ATLANTA NORTHSIDE AVIATION

This Court's ruling on the parties' cross-motions for summary judgment found that ANA is liable to the Receivership Estate for \$445,000 in funds fraudulently transferred to ANA prior to institution of the Receivership. Following settlement discussions that were ultimately unconsummated, the Receiver took steps to finalize that judgment and recover the funds for the benefit of the Receivership Estate. Since that time, the Receiver received a partial payment on settlement, but awaits completion according to the agreed-upon terms. The Receiver filed a Motion for Entry of Final Judgment Against ANA on September 28, 2012. On October 12, 2012, the Court granted the Receiver's Motion for Entry of Final Judgment against ANA [Dkt. 40]. The Receiver has since received full payment from ANA in settlement of his claims.

C. Brokers

The Receiver is in the discovery phase of the litigation against the Millennium Brokers, following his success in lifting a bankruptcy stay to be able to pursue the litigation. Because of the bankruptcy, the Receiver's claims against the brokers have not moved at the same pace as the other ancillary litigation. Due to the recent developments in the Kentucky bankruptcy court, however, the Receiver has resumed the prosecution of his claims against the brokers, and discovery has commenced in the case.

The parties mediated the case on October 9, 2012. Defendant Robert Kelty and the Receiver reached a tentative agreed resolution, but Defendant Scott Christopher and

Defendant David Jones and the Receiver did not settle the claims at issue during the

mediation. Defendant Kelty completed the settlement terms and was dismissed from the

suit on November 28, 2012 [Dkt. 42]. Further, the Court has extended the discovery

period in this case to allow the Receiver to debrief William Wise (who is now in custody

and has agreed to cooperate), and to depose Scott Christopher. If the cases are not

resolved prior to the close of discovery, the Receiver anticipates filing motions for

summary judgment to resolve the case.

D. WILLIAM WISE & JACQULINE HOEGEL

On February 21, 2012, a federal grand jury returned a 23-count indictment,

charging William Wise and Jacquline Hoegel with conspiracy, mail fraud, and wire

fraud. After the arrest and initial appearance of Jacquline Hoegel, she was released on

bond.

On April 17, 2012, Wise turned himself in and appeared in court in San

Francisco. Wise has agreed as part of his plea arrangement to cooperate with the

Receiver, and the U.S. Attorney's Office in San Francisco has agreed to make Wise

available in November or December of 2012 for the Receiver to debrief him. See

William Wise Plea Agreement, attached hereto as Exhibit A. The Receiver is hopeful

that Wise's arrest will provide the Receiver with additional information about missing

money and assets, as well as to provide information necessary to resolve the still-pending

ancillary litigation.

III. REMAINING TASKS

The primary tasks facing the Receiver to complete his duties are completing the ancillary litigation, and distributing the funds to defrauded investors and other creditors. Specifically, the Receiver will:

- Complete the Broker Litigation;
- Debrief William Wise; and
- Determine if William Wise has any remaining assets or accounts.

Concerning the ancillary litigation, the Receiver will continue pursuing the judgments against the Net Winning Investors. The Receiver will also pursue the judgment rendered on his behalf against Atlanta Northside Aviation. While a final distribution is not yet possible, the Receiver would like to make some interim distribution to defrauded investors who lost money.

IV. REQUEST FOR INTERIM DISTRIBUTION

A. STATUS OF LIQUIDATION AND RECOVERY OF ASSETS

The Receiver now has \$2,995,341.72 available for distribution to net winning investors claimants. This net amount was funded from the liquidation of assets, proceeds from settlement in the ancillary litigation, and balance of the Millennium Entities' accounts. This does not include the \$872,199.29 in judgments obtained by default and summary judgment in the ancillary litigation against the net winning investors. In addition to the liquidated assets, the Receiver may recover and add to the distribution fund amounts for these judgment once they are collected upon. Further, any additional

recoveries from the Broker Litigation or cooperation from Wise will be deposited into the

Receivership Estate for ultimate distribution.

B. ANALYSIS OF INVESTOR CLAIMS

Since the inception of the Receivership, the Receiver has actively solicited and

obtained claims and supporting documentation from those persons and investors who

believe they are owed money by Millennium Entities and/or the Individual Defendants.

At this time, 522 investors have made claims with the Receivership Estate.

The Receiver has asked investors to provide him with documents substantiating

the amount of their investment in the Millennium Entities. This process has proven to be

somewhat complex, as it is evidently difficult for some investors to sort out the money

they actually, physically deposited into CDs from fictitious interest or profits they may

have rolled over into a "new" investment. Other investors simply believe their

investment is larger than the principal they originally invested based on fictitious

accounting statements generated by Defendants and provided to the investors over time.

The Receiver has taken the following steps to identify the net losing investors (the

"Net Losing Investors"). The determination of which investors in the Millennium

Entities were net losers was performed by counsel, agents, and representatives of the

Receiver based on the review of records and databases recovered from the offices of the

Millennium Entities in seizures performed by the Receiver's counsel, agents, and other

representatives. Based upon such, 450 of the investors who made claims lost their

principal investment in the Millennium Entities. See Net Losing Investor Distribution

Schedule, attached hereto as Exhibit B. Further, 12 investors, who made claims but did

not appear in Millennium Bank records or databases as "losing investors," provided

PAGE 10

sufficient documentation to support the claim that as of January 2009 their principal was

still invested in the Millennium Entities. See Millennium Entities Statements of

Claimants, attached hereto as Exhibit C. Thus, evidence exists to substantiate that a total

of 462 claimants are also net losing investors (the "Allowed Net Losing Investor

Claims").

Further, according to the above-described evidence, the Net Losing Investors have

a collective principal loss balance of \$87,538,618.43. Although the collection and

liquidation process is still underway, the Receiver proposes an interim distribution.

C. PROPOSED DISTRIBUTION

Although the Receiver is still trying to recover more assets for the Receivership

Estate through litigation, the Receiver believes he has enough money to make a

meaningful interim distribution to the investors. The Receiver therefore proposes and

asks for authority to make an initial interim distribution of \$2,262,679.22 on Allowed Net

Losing Investor Claims, on a pro rata basis. A \$2,262,679.22 distribution would pay

2.59% of the total allowed claims, meaning each investor would receive 2.59% of his or

her allowed claim at this time and perhaps more in the future after the pending litigation

is concluded. The distribution amount is calculated as follows:

Distribution Percentage

Amount to be Distributed **Total Allowed Claims**

\$2,262,679.22 \$87,538,618.43

2.58%

The Net Losing Investor Distribution Schedule, attached hereto as Exhibit B, shows the

exact amount each approved claim would receive through this interim distribution.

All investors who made a claim and are identified on the databases maintained by

the Millennium entities have been included in the proposed Distribution Plan. The

PAGE 11

Receiver has been able to verify the balances due to each net losing investor from the record previously maintained by the Millennium Entities and the Receiver's forensic accountants. The Receiver proposes to provide written notice to each investor, based on the above calculations, of their net investment, which is the approved claim amount. Each investor claimant will be advised in writing of the calculation of the claim.

D. AUTHORITIES

In the March 2009 Order Appointing Receiver, the Court found it was "necessary and appropriate in order to prevent waste and dissipation of the assets . . . to the detriment of the investors" to appoint the Receiver. In overseeing and administering an equitable receivership such as the instant case, this Court's discretion in approving the Plan is given great deference and may be disturbed on appeal only upon the showing of an abuse of discretion. See SEC v. Sharp Capital, Inc., 315 F.3d 541, 545 (5th Cir. 2003). The plan of distribution proposed by the Receiver is consistent with plans approved by the SEC in other cases. See SEC v. Great White Marina & Rec., Inc., 428 F.3d 553, 556 (5th Cir. 2005); SEC v. Forex Asset Mgmt. LLC, 242 F.3d 325, 331 (5th Cir. 2001).

1. It is appropriate to determine the amount of investors' losses on a cash basis, without regard to the unpaid illusory, fictitious returns.

The investors' losses were calculated on a "cash-in—cash-out" basis—the amount of principal invested less any returns, fees, or other funds received by the investor. Investors' claims will not be increased by any "earned" but unpaid returns. Not only is this the most efficient method of calculating loss, it is the most fair. When confronted with similar situations and challenges to this method of establishing the loss amount, courts have upheld this method of determining a loss as fair and reasonable. See Great White, 428 F.3d at 556; Forex Asset, 242 F.3d at 331 (affirming trial court's approval of

PAGE 12

plan that calculated each investor's allowed claim as a percentage of their loss as measured against the losses of all of the unpaid claimants as "fair and equitable").

2. It is appropriate to treat all the monies recovered as a "common fund" from which payment to all investors will be made.

The Receiver's plan of distribution aggregates all available money into a single fund. No effort has been made to trace any specific investor's funds. From the earliest Ponzi scheme cases, courts have made clear that this is almost always the most equitable way to treat investors. *Forex Asset*, 242 F.3d at 331 (district court did not abuse its discretion when it determined that, despite the fact that some of the funds available for distribution were segregated and traceable to one investor, allowing one investor to trace its funds and avoid a pro-rata distribution among all of the investors would be an inequitable remedy).

The proposed distribution is consistent with the prevailing principles of equity and comports with plans approved in other SEC receiverships. It provides a fair process for distributing money to investors.

V. Conclusion

The Receiver has devoted the bulk of his time since his last report to this Court to attempting to recoup assets paid out to third parties as fraudulent transfers in order to restore additional funds to the Receivership Estate. The analysis contained in this Report represents the best possible picture of Millennium Bank's financial affairs in light of the extremely poor recordkeeping of the Defendants, the limitations of the bank records provided in response to the Receiver's subpoena, and the unavailability until now of the

REPORT OF THE RECEIVER DATED NOVEMBER 29, 2012 AND REQUEST FOR INTERIM DISTRIBUTION 515587 000002 Active 5266685.2 master of the scheme, William Wise. The Receiver will continue to undertake those tasks required to faithfully and most efficiently administer the Estate.

The Receiver asks this Court to approve this interim distribution and, if necessary, to set a hearing and then enter an order authorizing the Receiver to make the distribution to the approved claimants consistent with Exhibit B. The Receiver asks for such other and further relief, general or special, at law or in equity, to which he may otherwise be entitled.

I acknowledge that pleading guilty may have consequences with respect to my immigration status if I am not a citizen of the United States. Under federal law, a broad range of crimes are removable offenses, which may include the offenses to which I am pleading guilty. Removal and other immigration consequences are the subject of a separate proceeding, however, and I understand that no one, including my attorney or the district court, can predict to a certainty the effect of this conviction on my immigration status. I nevertheless affirm that I want to plead guilty regardless of any immigration consequences that may result from my guilty plea, even if the consequence is my automatic removal from the United States.

I understand that I am pleading guilty to multiple violations. I further understand that the Court has discretion to order my sentence for each violation to be served concurrently or consecutively.

- 2. I agree that I am guilty of the offenses to which I am pleading guilty, and I agree that the following facts are true:
- a. With respect to Count One of the Indictment (conspiracy to commit mail and wire fraud), I agreed with my co-defendant, Jacquline Hoegel, to commit mail and wire fraud by engaging in a long-running scheme to defraud investors by selling fraudulent certificates of deposit (CDs) issued by three entities: (1) Millennium Bank; (2) United Trust of Switzerland ("UT of S"); and (3) Sterling Bank and Trust ("Sterling") (collectively, the "Millennium Entities"). More than 1,200 investors purchased fraudulent CDs issued by the Millennium Entities, all of which promised guaranteed rates of return that co-defendant Hoegel and I falsely informed investors were and would be generated by overseas investments. As co-defendant Hoegel and I both knew, the Millennium Entities did not use investor funds to make overseas investments; instead, as we both knew, the Millennium Entities were a Ponzi scheme through

which earlier investors' guaranteed interest payments consisted of later investors' funds. I exercised ultimate control over the Millennium Entities, with co-defendant Hoegel acting as my co-conspirator and right-hand person in running the scheme to defraud.

b. With respect to Counts Two through Thirteen of the Indictment (mail fraud),

- along with co-defendant Hoegel, I engaged in the above-described scheme to defraud investors via fraudulent CDs issued by the Millennium Entities. In furtherance of the scheme to defraud investors, co-defendant Hoegel and I directed others working for the Millennium Entities to tell certain investors to mail their account applications and personal checks (to purchase fraudulent CDs) to the Napa, California, office run by co-defendant Hoegel. The Napa, California, office run by co-defendant Hoegel was known by various names throughout its existence, including Millennium Offshore Advisors, Globalized Services, and Global Advisors ("Millennium/Global"). Millennium/Global received account applications and personal checks via U.S. Mail as well as interstate commercial carrier, such as Federal Express. In addition, co-defendant Hoegel and I directed Millennium/Global employees to send post-dated interest payment checks to certain investors via U.S. Mail and interstate commercial carrier. Counts Two through Five and Seven through Twelve represent checks sent by investors to Millennium/Global via U.S. Mail or interstate commercial carrier. Counts Six and Thirteen represent post-dated interest payment checks sent from Millennium/Global to investors via U.S. Mail or interstate commercial carrier.
- c. With respect to Counts Fourteen through Sixteen of the Indictment (wire fraud), in furtherance of the above-described scheme to defraud investors, co-defendant Hoegel and I (and others working at our direction) told certain investors to wire funds from their personal accounts to accounts in the name of UT of S at Washington Mutual in Las Vegas, Nevada, and Napa, California. Counts Fourteen through Sixteen represent interstate wire transfers initiated by investors who purchased fraudulent CDs.
- d. With respect to Count Seventeen of the Indictment (money laundering), knowing that the money in the Bank of America account ending in -9544 represented proceeds of the

б

above-described scheme to defraud investors, I directed an employee working for Millennium/Global to transfer \$15,000 from that Bank of America account to an account in the name of L.W., for L.W.'s personal use.

- e. I agree that I knowingly participated in the above-described scheme to defraud investors from approximately 1999 to late March 2009, and that, during this time, I intended to defraud the investors. I further agree that between January 2004 and March 2009, via the Millennium Entities, co-defendant Hoegel and I caused the sale of more than \$129.5 million worth of fraudulent CDs, which caused investors to suffer actual losses of more than \$75 million.
- f. I agree that in 2008, I earned significant income from the above-described scheme to defraud investors, that I was aware that I had \$1,045,250 of tax due and owing to the United States based on that income, and that I willfully took affirmative steps to evade or defeat that tax due and owing. For example, I used cash extensively, and I failed to maintain any books and ledgers for income and expenditures, as are routinely kept in the normal course of business. In addition, I used my income both cash and otherwise to pay debts owed to creditors other than the IRS (such as making interest payments on a private jet, and paying for construction and furnishings on a large personal property in St. Vincent and the Grenadines).
- 3. I agree to give up all rights that I would have if I chose to proceed to trial, including the rights to a jury trial with the assistance of an attorney; to confront and cross-examine government witnesses; to remain silent or testify; to move to suppress evidence or raise any other Fourth or Fifth Amendment claims; to any further discovery from the government; and to pursue any affirmative defenses and present evidence.
- 4. I agree to give up my right to appeal my conviction, the judgment, and orders of the Court. I also agree to waive any right I have to appeal any aspect of my sentence, including any orders relating to forfeiture and or restitution.
- 5. I agree not to file any collateral attack on my conviction or sentence, including a petition under 28 U.S.C. § 2255 or 28 U.S.C. § 2241, or motion under 18 U.S.C. § 3582, at any time in the future after I am sentenced, except that I reserve my right to claim that my counsel

 was ineffective in connection with the negotiation of this Agreement or the entry of my guilty plea. I understand that the government will not preserve any physical evidence obtained in this case.

- 6. I agree not to ask the Court to withdraw my guilty pleas at any time after they are entered. I understand that by entering into this Agreement: (a) I agree that the facts set forth in Paragraph 2 of this Agreement shall be admissible against me under Fed. R. Evid. 801(d)(2)(A) in any subsequent proceeding, including at trial, in the event I move to withdraw my guilty plea, and (b) I expressly waive any and all rights under Fed. R. Crim. 11(f) and Fed. R. Evid. 410 with regard to the facts set forth in Paragraph 2 of this Agreement in any such subsequent proceeding.
- I understand that the Court must consult the Guidelines and take them into account when sentencing, together with the factors set forth in 18 U.S.C. § 3553(a). I also understand that the Court is not bound by the Guidelines calculations below, the Court may conclude that a higher Guidelines range applies to me, and, if it does, I will not be entitled, nor will I ask to withdraw my guilty plea. I also agree that regardless of the sentence that the Court imposes on me, I will not be entitled, nor will I ask, to withdraw my guilty plea. I further agree that the Sentencing Guidelines offense level will be calculated as follows, and that I may seek a possible downward departure pursuant to U.S.S.G. § 5K1.1. I also reserve my right to argue for a variance from the Guidelines range determined by the Court based on 18 U.S.C. § 3553(a) factors, and I understand that the government may oppose that argument. The parties have reached no agreement regarding my Criminal History Category.

 - b. Specific offense characteristics (loss over \$50 million, U.S.S.G. §2B1.1(b)(1)(M)):

I understand that regardless of the sentence that the Court imposes on me, I will not be entitled, nor will I ask, to withdraw my guilty pleas.

- 8. I agree that regardless of any other provision of this Agreement, the government may and will provide the Court and the Probation Office with all information relevant to the charged offenses and the sentencing decision.
- 9. I agree to pay restitution for all the losses caused by all the schemes or offenses with which I was charged in this case, and I agree that the amount of restitution will not be limited to the loss attributable to the counts to which I am pleading guilty, pursuant to 18 U.S.C. § 3663(a)(3). I agree to pay restitution in an amount to be set by the Court, for all losses suffered by victims of the above-described scheme to defraud investors, even for those victims not specifically referenced in Counts Two through Sixteen of the Indictment. I agree that any fine, forfeiture, or restitution imposed by the Court against me will be immediately due and payable and subject to immediate collection by the government and I understand that the government may seek immediate collection of the entire fine, forfeiture, or restitution from any assets without regard to any schedule of payments imposed by the Court or established by the Probation Office. I agree that I will make a good faith effort to pay any fine, forfeiture, or restitution I am ordered to pay. Before or after sentencing, I will upon request of the Court, the government, or the Probation Office, provide accurate and complete financial information, submit sworn statements and give depositions under oath concerning my assets and my ability to pay, surrender assets I obtained as a result of my crimes, and release funds and property under my control in order to pay any fine, forfeiture, or restitution. I agree to pay the special assessment at the time of sentencing.
- 10. I agree to cooperate with the U.S. Attorney's Office before and after I am sentenced. My cooperation will include, but will not be limited to, the following:

- a. I will respond truthfully and completely to any and all questions put to me, whether in interviews, before a grand jury, or at any trial or other proceeding;
- b. I will provide all documents and other material asked for by the government;
- c. I will testify truthfully at any grand jury, court, or other proceeding as requested by the government;
- d. I will surrender any and all assets acquired or obtained directly or indirectly as a result of my illegal conduct;
- e. I will request continuances of my sentencing date, as necessary, until my cooperation is completed;
- f. I will not reveal my cooperation, or any information related to it, to anyone without prior consent of the government;
- g. I will participate in undercover activities under the supervision of law enforcement agents or the U.S. Attorney's Office; and
- h. I will provide all necessary authorizations for the Receiver, Richard Roper (appointed by the Northern District of Texas in SEC v. Millennium Bank, et al., 7:09-cv-00050-O), to obtain control over all funds remaining in any accounts identified by the government or the Receiver as having investor funds, whether those accounts are located in the United States or foreign countries. I further agree that I will sign a Power of Attorney in favor of the Receiver within 10 days of being so requested, and will work in good faith with the government and/or the Receiver to identify any such accounts, wherever located.
- 11. I agree that the government's decision whether to file a motion pursuant to U.S.S.G. § 5K1.1, as described in the government promises section below, is based on its sole and exclusive decision of whether I have provided substantial assistance and that decision will be binding on me. I understand that the government's decision whether to file such a motion, or the extent of the departure recommended by any motion, will not depend on whether convictions are obtained in any case. I also understand that the Court will not be bound by any recommendation made by the government.
- 12. I agree not to commit or attempt to commit any crimes before sentence is imposed or before I surrender to serve my sentence. I also agree not to violate the terms of my pretrial release; not to intentionally provide false information to the Court, the Probation Office, Pretrial Services, or the government; and to comply with any of the other promises I have made in this Agreement. I agree that if I fail to comply with any promises I have made in this Agreement, then the government will be released from all of its promises in this Agreement, including those

- If I am prosecuted after failing to comply with any promises I made in this 13. Agreement, then (a) I agree that any statements I made to any law enforcement or other government agency or in Court, whether or not made pursuant to the cooperation provisions of this Agreement, may be used in any way; (b) I waive any and all claims under the United States Constitution, Rule 11(f) of the Federal Rules of Criminal Procedure, Rule 410 of the Federal Rules of Evidence, or any other federal statute or rule, to suppress or restrict the use of my statements, or any leads derived from those statements; and (c) I waive any defense to any prosecution that is barred by a statute of limitations, if the limitations period has run between the date of this Agreement and the date I am indicted. In return for the government's promises set out below. I agree that the government may reinstate all of the dismissed counts and include any other charges by superseding indictment should my case be remanded to district court following an appeal for any reason. I further agree that any applicable statute of limitations that has not run as of the date the Agreement was signed for any charge arising out of the Northern District of California shall be tolled and extended from that date until the date that the mandate is spread in the district court from any such appeal.
- 14. I agree that this Agreement contains all of the promises and agreements between the government and me, and supersedes any other agreements, written or oral. No modification of this Agreement shall be effective unless it is in writing and signed by all parties.
- 15. I agree that the Agreement binds the U.S. Attorney's Offices for the Northern District of California and Eastern District of North Carolina only, and does not bind any other federal, state, or local agency.
