## Unwavering Commitment to Clients, Communities and Employees

Holland & Knight is a global law firm with approximately 2,200 lawyers and more than 1,700 other professionals in 35 offices throughout the world, but its roots are firmly established in Florida. Despite the firm's size, Holland & Knight has a close-knit, collegial culture and an unwavering commitment to its employees, clients and communities.

The firm emphasizes collaboration, inclusion, fairness and respect. Employees are offered generous paid time off and leave, robust family-building benefits, free behavioral health care and an innovative wellness program. They also are encouraged to make a difference in their communities, a legacy in which our employees — many of whom have been at the firm for several decades — truly take great pride.

In 2024, Holland & Knight donated more than 76,500 hours in legal services, and through its annual 9/11 Day of Service, employees in all offices spent all or part of a workday volunteering with local community service organizations.

Holland & Knight is fully committed to being a Best Company for its employees with a flexible work environment, many opportunities for professional growth and competitive benefits. We want individuals to enjoy where they work, what they do and to feel proud of the contributions they make to the firm, our clients, our communities and our world.

The Orlando office packed 120 backpacks with more than \$3,000 worth of essential supplies, all set to be donated to A Gift for Teaching's Back-to-School charitable event.
